IS MAYOR IN FACT

"UNCLE DAVE" TAYLOR IS NOT A FIGUREHEAD.

Gambling Stopped at His Orders and Also Selling Liquor to Minors—Dice Shaking Is Also at an End—Proposed to Enforce the State Law Against Selling Tobacco and Cigarettes to Minors—Athena Is One of the Cleanest Towns in Oregon.

"Uncle Dave" Taylor, mayor of Athena, is not big to look at, but he is big enough to have made a big stir in Athena during the last few months. He is a good deal like Daniel, two-thirds grit and the other third backbone. He is mayor of Athena, not only in name, but in fact.

Shortly after the recent election he sent the city marshal, W. J. Ghosson, to the various saloons and notified them that gambling would have to stop. They knew Dave and it stopped. Some of the candy stores and drug stores still shake dice for cigars. The mayor notified them that shaking dice was as much a form of gambling as playing a slot machine.

"Oh, you wouldn't arrest us for shaking dice for cigars, would you, Dave?" they said. "Just try it once. I'll give you the maximum penalty," said the mayor.

The next edict that went forth was that any saloon keeper selling liquor to a minor would be prosecuted. One of them tried it and found Dave had no "blind side." The consequence was he was fined \$50.

Yesterday Prof. M. L. Watts made a tour of investigation among the school boys. He captured a large quantity of tobacco and cigarettes. Today when the boys came down town from school to replenish their stock, not a cigarette could they buy. This morning the city marshal notified all dealers in tobacco that the mayor was going to enforce the state law against the sale of tobacco to minors, and a failure to comply with the law would mean their arrest.

They all know "Uncle" Dave. They have known him for the last 25 or 30 years. They know he is no quitter but that having entered a fight he will see it through. He has started a fight for the enforcement of the law and he will see that it is enforced as long as he is in office.

In conversation with Mr. Taylor, he said: "This thing of little boys 10, 12 and 14 years old ruining their health by constant cigarette smoking is a bad thing. I have seen little chaps 16 years old stop on their way home from school and shake dice for the candy and cigarettes.

"It has got to stop. There is a state law against it, and I am for their own good, going to enforce it.

"I have two little chaps I am raising, and I don't want to see them, nor other lads, given a leaning toward gambling and drinking, and cigarette smoking.

"If I shut off the boys' supply of tobacco, they will stop and the smaller ones won't get the habit." Athena has outgrown her Hank Vaughn days. She is becoming more and more a good home town, where one can raise a family with good school and church influences.

One of the merchants, in answer to the question, "How will it affect the town?" said: "It will be a fine thing for the town. It will rid it of its tithens and toughs, and the rich farmers will realize that this is a good town to locate in to educate their children."—Fred Lockley.

BISHOP OF MEXICO.

Rev. H. D. Aves Consecrated as the First.

Houston, Texas, Dec. 14.—The consecration of the Rev. H. D. Aves as Episcopal bishop of Mexico, took place today. The ceremony was the most brilliant of its kind ever seen in this city. Christ church, where the consecration took place, was crowded long before the hour set for its beginning of the ceremony. Prominent among those who took part in the ceremony were the Right Rev. George Herbert Kinsolving, bishop of Texas, the Right Rev. A. C. Garrett, bishop of Dallas; the Right Rev. J. S. Johnston, bishop of Western Texas, and the Right Rev. W. A. Leonard, bishop of Ohio.

The Right Rev. H. D. Aves becomes the first Episcopal bishop of Mexico. The necessity for a bishop of the southern republic has long been contended for, but it was not until the late Episcopal General convention that decisive action in the matter was taken. Bishop Aves will take up his residence at an early date in Monterrey, but he will make his headquarters and home in the City of Mexico.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A candymaker, and the proprietor of a woven wire mattress factory in New York City have been arrested charged with violating the state law against employing child labor. Almost the first fact developed in the cases was that neither defendant belongs to the trust controlling his particular product, but both are "independents."

MICROSCOPIC PLOT.

Singing and Dancing of "Grimes Cellar Door" Is Good.

It would take a microscope to discover a plot in "Grimes' Cellar Door" or any reason the author had for so naming the skit. Some of the singing and dancing last night was very good, but that chorus! Yes, they sang well enough, but the manager must have shut his eyes and drew lots when he selected its members.

Miss Irene Dunbar, the leading woman, is pretty, a good singer and a fair dancer. James B. Mackie, the leading man, is just fair. There is too much horse play to make much out of "Grimes' Cellar Door."

The Boys' and Girls Aid Society of Portland can furnish a limited number of boys and girls for adoption, for light work, for chores, while attending school and for people wishing to bring them up as their own. Address W. T. Gardner, Portland, Or.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
